Re: Minor revision requested, Submission ID 409d7839-7d85-411e-ad16-75038b1eacad,

Dear Mr. Smithson,

thank you for your help. I am addressing the points from your last email from August 29, 2025: I have corrected our manuscript according to your requests by

- 1) including a section "Ethics approval and consent to participate" (with contents "Not applicable") and also
- 2) including a section "Consent for publication" (with contents "Not applicable").

My co-author and I hope that this fully meets your requirements to proceed with peer review.

With my best regards,

Daniel Pfeifer
